The Magic We've Made: Summer Stimulation

BGCSTL offers one of the most comprehensive, extended, high quality Summer Day Camp programs operating in St. Louis. This summer, Normandy High School Leaders Academy will take our members on a fun journey through our history in science. Our journey of African-American science trailblazers will keep members fully engaged with field trips, guest speakers, physical challenges and creative projects steeped in Science, Math, Art, Reading, Technology and Sports (SMARTS). Members will experience the magic of conducting their own projects that offer them an opportunity to develop their leadership, communication and critical thinking skills while making lasting friendships in a member-centered, safe and caring environment.
