## Boys & Girls Clubs of Greater St. Louis (BGCSTL) COMMITMENT TO QUALITY

BGCSTL envisions a future in which success is within reach of every child in the St. Louis region, empowering themselves and influencing future generations toward making a difference for themselves, their community, and the global community.

In an effort to enrich the lives of youth in the St. Louis community, BGCSTL regularly assesses and aims to improve not only its programming, but also the organization as a whole. BGCSTL uses the Standards of Organizational Effectiveness provided by Boys & Girls Clubs of America (BGCA), United Way's assessment of our adherence to its Quality Standards, and the Core Capacity Assessment Tool provided through the Deaconess Impact Partnership.

Based on these appraisals, BGCSTL has formed a capacity building and strategic plan for the organization. The strategic plan is focused on 3 areas of the Boys & Girls Club movement: increase our impact on existing Club members, build a stronger organization, and expand the influence of the Club beyond its walls.

BGCSTL is a chartered member of BGCA. As such, we have adopted and adhere to BGCA's national standards for care that at a minimum include staff ratios, staff training, health and safety standards, and mechanisms for assessing and enforcing our compliance with the standards. We conduct national criminal background checks for all employees and volunteers who work with children, as well as, screening under the Family Care Safety Registry. Staff-to-youth ratios should not exceed 1:16 (licensed sites) or 1:20 (exempt sites).

## TO THE PARENTS OF OUR MEMBERS

When you visit **BGCSTL**, you will find a lively place with trained professional staff and volunteers that provide positive adult role models and mentors for youth. Club members will also be directed to study and engage in constructive activities through Club or community services. Our Club has interesting, educational and creative evening, weekend and camp programs to explore!

Remember, your membership includes **dental services, computer classes, tutoring, homework assistance, arts & crafts, games room activities, fitness activities, risky behavior prevention/education, healthy habit development, leadership & character building programs, essential life skills, career & workforce readiness, financial literacy & much more!** Members truly have a great time and enjoy the exposure to new activities.

Welcome to our Club community! Your child's safety is important to us. This is a handbook of guidelines and policies to ensure that your child has a positive and rewarding experience. Please carefully read through this handbook. This is not an inflexible book of rules and laws. We are presenting our standards and information to you to help you understand general operating procedures. If you have any questions, concerns, or need additional information, talk with the Club's Director/Site Manager, Area Director, or the Vice President of Programs & Club Services who will answer your questions or direct you to the appropriate personnel.

### PARENT/STAFF COMMUNICATION

Good communication between parents and their child's caregivers is essential to provide the best possible care for each child. The format of communication may be formal or informal. **It is vital that you inform us of changes in your child's life that may affect behavior.** Changes at home include moving, hospitalization of a sibling or parent, alterations in the parents' relationship, or a death in the family. Home issues influence the way in which your child relates to others. Staff members can better provide for a child's needs if they are aware of the situation.

BGCSTL prohibits **unauthorized** one-on-one interactions and communications between youth and staff/volunteers, including board members. This includes in-person meetings and virtual communications such as texting, video chat, and social media. Staff will ensure in-person meetings take place in areas where other staff and/or members are present.

### PARENT INVOLVEMENT

The Club believes that parental involvement is necessary for the success of any childcare program. As parents, you are welcome to visit the Club anytime you wish without prior notice. Your cooperation with all policies and procedures is appreciated. Take every opportunity to talk with staff about your child. Ask your child about the program every day and take time to read the available curriculums and the information that goes home. We also encourage you to volunteer any time or talents you may have to the program. As community members you can assist staff by educating them about resources/opportunities available in the area.

Welcome again, we look forward to getting to know you and your family!

## SIX CORE PROGRAM AREAS

Since 1967, Boys & Girls Clubs of Greater St. Louis (BGCSTL) has been providing a safe place for children to learn and grow. Our mission is to inspire and enable all young people, especially those who need us most, to reach their full potential as productive, responsible and caring citizens. The Club is open during hours that kids are most likely to need a safe place to go — after school and during summer. Membership fees are kept low to allow any child the opportunity to join.

BGCSTL's "Formula For Impact" is a research-based theory of change that calls for us to consistently provide the most powerful Club Experience possible by implementing the Five Key Elements for Positive Youth Development, offering high-yield activities, providing targeted programs, and encouraging regular attendance – all of which we know help youth achieve priority outcomes: Academic Success, Good Character & Citizenship, and Healthy Lifestyles.

*Each of our sites offers tested, proven and nationally recognized programs in six core program areas:*

### CHARACTER & LEADERSHIP Programs

Programs in Character and Leadership help youth become responsible, caring citizens and acquire skills to participate in the democratic process, develop leadership skills and gain opportunities for planning, decision-making, contributing to Club and community and celebrating our national heritage. They empower youth to support and influence their Club and community, sustain meaningful relationships with others, develop a positive self-image, and respect their own and others' cultural identities.

### EDUCATION Programs

Programs in Education enable youth to graduate from high school on time, ready for a post-secondary education and a 21st-century career by becoming proficient in basic educational disciplines, apply learning to everyday situations and embrace technology to achieve success in a career.

### CAREER & WORKFORCE READINESS Programs

Programs in Career & Workforce Readiness help young people meet the workforce challenges of tomorrow, explore their interests and passions, develop their employability skills, apply their knowledge to real-world work experiences.

### HEALTH & LIFE SKILLS Programs

Programs in Health and Wellness develop young people's capacity to engage in positive behaviors that nurture their own well-being, set personal goals and grow into self-sufficient adults.

### THE ARTS Programs

Programs in The Arts enable youth to foster their creativity, give them outlets for self-expression, and cultural awareness through knowledge and appreciation of the visual arts, crafts, performing arts and creative writing.

### SPORTS, FITNESS, & RECREATION Programs

Programs in Sports, Fitness, & Recreation develop physical fitness, reduce stress and promote a positive use of leisure time, appreciation for the environment and interpersonal skills.

**A Sense of Usefulness:** A feeling that each child has something to contribute and the opportunity to do something of value for other people.

**A Sense of Belonging:** A feeling that each child fits in and is part of the group.

**A Sense of Influence:** A feeling that each child has a chance to be heard, listened to and can influence decisions.

## SURVEYS

BGCSTL periodically surveys its members about his or her Club experience and behaviors, skills and attitudes using Boys & Girls Clubs of America's (BGCA's) National Youth Outcomes Survey (NYOI) or other survey instruments. In 2011, BGCA launched the NYOI, a system grounded in the Formula for Impact and built to measure the impact of Clubs in three priority areas: Academic Success, Good Character and Citizenship, and Healthy Lifestyles. This survey helps to ensure our Club's programs meet the needs and interests of your child(ren). Other survey information and samples available upon request. All information provided in this survey is kept private and confidential. Your child(ren)'s participation is voluntary. Please notify the Club Director or Site Manager if you would prefer that your child(ren) not participate.

## DISCIPLINE

Members are expected to behave in an appropriate manner creating a fun-filled learning environment. Members will treat each other and staff with respect following Boys & Girls Clubs of Greater St. Louis rules.

When negative behavior occurs, Club staff will attempt to redirect the child's behavior. If the child's behavior remains disruptive, he or she will be given a time out (a brief, supervised separation from the group based on a guideline of one (1) minute of separation for each year of the child's age). If the disruptive behavior continues beyond the time out, the child's parent or guardian will be contacted to discuss ideas for solving the problem or conflict. Disciplinary measures include a time out and/or exclusion from certain activities. Repeated disciplinary problems can result in a child being suspended for a day or more. The child's membership can be revoked if all appropriate attempts to redirect the child's behavior fail. This behavior is documented through the Individual Member Report. **All fights will result in an immediate one-day suspension.**

**"Leave the Bench" Policy** – Members must remain in designated areas as directed by staff. When staff are actively addressing negative behavior, an altercation, or managing a safety related incident, it is imperative that all members, including those not directly involved, immediately follow the directions of staff as they de-escalate the situation. This policy allows staff to focus on those directly involved in the situation and avoid additional safety concerns related to members not directly involved engaging in the situation to participate, intervene, or observe. Because these actions could possibly place staff and uninvolved members in harm's way or create additional safety risks for staff to address; failure of involved and uninvolved members to immediately follow safety directives from staff (*even if their actions are well-intentioned*) may result in disciplinary action.

Boys & Girls Clubs of Greater St. Louis adheres to the following methods of discipline. It is our policy never to use physical or mentally abusive forms of discipline.

1. Discipline will be in proportion to the particular inappropriate behavior and enforced within an appropriate time.
2. Children will not be subjected to verbal or physical abuse.
3. Members will be informed of the inappropriate behavior and given time out or excluded from certain activities as warranted by the child's behavior. Parents/guardians may also be called if necessary.

## ANTI-BULLYING POLICY

Bullying behavior or threats are taken seriously. Bullying is seen as a discipline issue and will be dealt with through the normal discipline procedures.

What is bullying behavior? Bullying is -

**Physical:** pushing, hitting, kicking, stealing, threatening gestures

**Verbal:** name-calling, teasing, taunting, intimidating, humiliating, spreading malicious gossip, sexual harassment, racial abuse/slurs, homophobic abuse

**Written:** text and email messages, notes

**Silent:** exclusion from activities, rude gestures

All staff and volunteers are expected to be vigilant and alert to cases of bullying. Reports can be made by staff, volunteers, parents and members. Suspected cases of bullying should be reported immediately to the Director. Reports will be immediately investigated using the Club discipline guidelines. Incidents will be recorded and monitored.

## STAFF/MEMBER INTERACTIONS

BGCSTL is committed to providing a safe environment for members, staff, and volunteers. To further ensure their safety, BGCSTL prohibits **unauthorized** one-on-one interactions and communications between youth and staff/volunteers, including board members. This includes in-person meetings and virtual communications such as texting, video chat, and social media. Staff will ensure in-person meetings take place in areas where other staff and/or members are present.

## REPORTING POLICY

Reporting child abuse is everyone's responsibility. Any person, including parents, may report suspected child abuse, neglect, or exploitation. BGCSTL volunteers and staff members who observe any sign of suspected abuse or neglect are mandated by law to "Hot Line" it by reporting it immediately to the Division of Family Services' Child Abuse and Neglect Hotline Unit. As mandated reporters, they are not required to notify BGCSTL prior to reporting the suspected abuse. However, when BGCSTL is aware of child abuse and neglect reports, we will work with all parties to provide support and resources to ensure the safety and well-being of those involved. Club Directors or Site Managers are the appropriate staff to notify at the site level. If the Club Director or Site Manager is not available, the Area Director, Vice President of Programs & Club Services or President may be contacted.

**BOYS & GIRLS CLUBS  
OF GREATER ST. LOUIS**

**Grievance Policy for Program Participants**

Boys & Girls Clubs of Greater St. Louis (BGCSTL) operates on a non-discriminatory basis, affording equal treatment and access to services without regard to sex, race, ethnicity, national origin, religious beliefs, medical condition, disability, marital status/family structure, sexual orientation, or other affiliations. Children with disabilities or other special needs, as defined by the Americans with Disabilities Act (ADA), are welcomed into the program and reasonable accommodations in the best interest of the child are made as necessary.

We encourage all participants and employees to take steps to minimize harassment by making your objections clear, by not playing along, immediately reporting harassment, telling the harasser to stop, and not engaging in conditional reporting.

BGCSTL cannot resolve matters that are not brought to its attention. Any participant who has a complaint of or who witnesses discrimination or harassment by anyone, including employees and non-employees, has a responsibility to immediately bring the matter to the Club's attention. To bring instances of discrimination or harassment, a participant must notify any of the following individuals who are responsible for enforcing this policy: Your child's Club Club Director/Site Manager, Area Director, or Roxanne Crawford, VP of Programs & Club Services at (314) 335-8003.

BGCSTL will thoroughly and promptly investigate all claims of discrimination and harassment in as confidential a manner as possible, consistent with its need to gather facts and make determinations. BGCSTL will meet with the complainant to discuss the results of the investigation and, where appropriate, review the proposed resolution of the matter. If an investigation shows that harassment or discrimination has occurred, BGCSTL will take corrective action, including such discipline up to and including termination of membership or employment, as appropriate. BGCSTL reserves the right to impose disciplinary action even if there is no technical violation of the policy, if it is determined that the behavior was nonetheless inappropriate for the workplace.

Complaints of discrimination and harassment will be kept as confidential as possible. Additionally, BGCSTL will not subject any participant to retaliation because he or she has reported what he or she reasonably believes to be an incident of discrimination or harassment. If a participant believes he or she is being harassed or retaliated against for having made a good faith complaint of discrimination or harassment, the participant must report such retaliation to BGCSTL by contacting any of the individuals listed in the previous section so that the complaint of retaliation may be investigated and dealt with in an appropriate manner.

Discrimination complaints may be filed when an applicant or current Club member believes that she or he has been discriminated against on the basis of race, sex, religion, color, national origin, age, disability, or any other factor protected by law.

BGCSTL will make every reasonable effort to resolve any legitimate deficiencies identified by the complainant within fifteen (15) working days of the initial complaint.

*CDBG Programs: Program complaints may be filed when an applicant, participant, or registrant feels deprived of the benefits offered under the CDBG and/or HOME programs. These are complaints against the program and could represent potential violations of CDBG and/or HOME regulations. Operating Agencies shall make every reasonable effort to resolve any legitimate deficiencies identified by the complainant within fifteen (15) working days of the initial complaint. In the event that the Operating Agency cannot satisfactorily resolve the complaint in this time frame, it must forward the complaint to CDA Executive Director within two (2) working days of the exhaustion of the remedies available to the Operating Agency in its grievance policy.*

OF GREATER ST. LOUIS

## **TECHNOLOGY ACCEPTABLE USE POLICY FOR MEMBERS**

Our **Acceptable Use Policy** defines appropriate use of computer equipment and the internet.

### **Responsible Computer Use Guidelines for Members**

Boys & Girls Clubs' ("Club" or "Clubs") computer network and internet access are available to members to enhance their educational experience and help them become literate in an increasingly technological world. The purpose of this Acceptable Use Policy is to foster the appropriate use of that network, email and the internet. The following guidelines apply to all users, whenever they access any of the Clubs' network connections.

### **Digital Literacy Training Requirement**

To help promote responsible use, we teach members the importance of online safety and privacy by requiring all members who wish to use a BGCSL device or equipment to successfully complete a BGCA provided digital citizenship and technology safety training. This training is age appropriate and required for all members annually.

### **Educational Purpose**

The Clubs' network has been established for educational purposes limited to classroom activities, school-to-career development and scholastic research on appropriate subjects. The Clubs' network has not been established as a public access service or a public forum. The Club has the right to place reasonable restrictions on the material members access or post through the system. Members are expected to follow this Acceptable Use Policy (as well as other Club rules and policies applicable to members) when in the Technology Center or accessing the network.

The Clubs' network is considered a limited forum, similar to a school and, therefore, the Club reserves the right to regulate that forum for valid educational reasons. The Club will not restrict speech on the basis of a disagreement with opinions you, the members, are expressing.

Members should expect only limited privacy with the content of their personal files on the Clubs' network. This situation is similar to the rights students have in the privacy of their locker at school.

The Club reserves the right to search member files, if there is a reasonable suspicion you violated this Acceptable Use Policy, Club rules and policies, or the law.

### **Unacceptable Uses and Personal Safety**

Members must not post personal contact information about themselves or other people. Personal contact information includes (but is not limited to) home, school or work addresses; telephone numbers; and email addresses.

- Members must never agree to meet with someone they have met online without your parent's approval. A parent or guardian should always accompany members to such meetings.
- Members must promptly disclose to a Club staff member any message they receive that is inappropriate or makes them feel uncomfortable.

### **Illegal Activities**

Members must not attempt to gain unauthorized access to the Clubs' network, or to any other computer system through the Clubs' network. This includes attempting to log in through another person's account or accessing another person's files. These actions are illegal, even if only for the purpose of "browsing."

- Members must not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses.
- Members must not use the Clubs' network to engage in any illegal act, including, but not limited to, arranging for the purchase or sale of alcohol, tobacco or other drugs; engaging in criminal activity; or threatening the safety of another person.

## **TECHNOLOGY ACCEPTABLE USE POLICY FOR MEMBERS (cont.)**

### **System Security**

Members are responsible for their individual user account and should take all reasonable precautions to prevent others from being able to use their account. Under no circumstances should members provide their password to another person.

Members must immediately notify a Club staff member if they have identified or witnessed a possible security problem.

Do not look for security problems, because this may be construed as an illegal attempt to gain access.

### **Inappropriate Use**

Restrictions against inappropriate use apply to public message, private message and material posted on web pages. Within reason, freedom of speech and access to information will be honored.

The following are not permitted:

- Sending or displaying unkind or offensive messages or pictures, pornography or hate literature
- Using unkind or obscene language
- Harassing, insulting or attacking others
- Intentionally damaging computers, computer systems or computer networks
- Violating copyright laws
- Using another person's password
- Trespassing into another person's folders, work or files
- Intentionally wasting limited resources (i.e., distributing mass email messages, participating in chain letters, creating or participating in unauthorized newsgroups, and storing files on file servers without proper authorization)
- Employing the network for commercial purposes, political activities or lobbying
- Installing additional software without prior approval
- Using portal or proxy websites

Violations may result in the loss of access, as well as other disciplinary or legal action.

### **Respect for Privacy**

Members must not re-post a message that was sent to them privately, without the permission of the person who sent the message.

- Members must not post private information about another person.

### **Plagiarism and Copyright Infringement**

Members must not plagiarize works you find on the internet. Plagiarism is taking ideas, writing or pictures of others and presenting them as your own. It is dishonorable, and it is a prohibited use of this facility.

Members must respect the rights of copyright owners. Copyright infringement occurs when you reproduce a work that is protected by a copyright without authorization. If a work contains language that specifies appropriate use of that work, you should follow the expressed requirements. Copyright law can be confusing; therefore, if you have any questions, please ask a teacher or Club staff member.

### **Disciplinary Actions**

Members who violate the Acceptable Use Policy may be denied future internet and/or network privileges for a defined period of time, and may be subject to other disciplinary measures as set forth by Club policies.

## **DESTRUCTION OF CLUB PROPERTY**

Documented intentional destruction of Club property by a Club member will result in an immediate three-day suspension. For destruction of property with a value of more than a \$500 replacement cost, a financial obligation can also be levied with terms of repayment discussed with parent/guardian.

## **PERSONAL PROPERTY AND STORAGE**

**Boys & Girls Clubs of Greater St. Louis is not responsible for lost items or lost articles of clothing.** Boys & Girls Clubs of Greater St. Louis respects the privacy of its members, staff and visitors. However, accepts no responsibility for nor bares liability of personal items (i.e. book bags, coats, cell phones, mobile devices, musical instruments & sports equipment, etc.) brought to the Club and is damaged, lost or stolen. No personal toys, games or sporting equipment are permitted at the Club.

## **THEFT**

No thefts are accepted and all documented thefts will be handled in accordance with the severity of the crime. Petty thefts (items with a replacement value of less than \$50) will result in a three-day suspension from the Club. Members will be required to **work off** their payment through Club service at the standard minimum wage rate. Documented thefts of items with a replacement value of \$51 to \$100 dollars will result in a one-week suspension. Parent/guardian will be notified of the infraction. Included in the discussion will be terms of repayment.

**For any documented theft with a replacement value of more than \$100, parent/guardian is called and law enforcement summoned. Club membership will be revoked.**

## FIELDTRIPS

Any members attending a field trip or participating in a transportation program must have a permission slip signed by a parent or guardian. **Verbal or phone permission is not acceptable.**

- Staff-to-member ratio should never be more than one staff to 16 members (licensed sites) or one staff to 20 members (exempt sites) unless otherwise directed by Club Leadership.
- Staff **must** take roll call before departing and returning in the vehicle.
- Staff may **never** leave members unsupervised.
- Always have a first aid kit readily available.
- At least one staff member **must** be certified in CPR/First Aid and trained in emergency procedures.

## TRANSPORTATION

BGCSTL is committed to providing a safe environment and enforces the following transportation policy for members, staff, volunteers, and other adults. The Club only provides transportation to and from the Club and various approved off-site locations. The Club only transports youth in Club vehicles or other vehicles approved by Club leadership. BGCSTL prohibits the **unauthorized** one-on-one transportation of members by staff/volunteers, including board members. Use of electronic devices such as cell phones or other communication devices-while transporting members is prohibited.

All members participating in BGCSTL Transportation Services must provide written consent/permission slip signed by a parent or guardian. **Verbal or phone permission to allow a child to participate in Transportation Services, including field trips are not accepted.**

**Transportation Consent Agreement:** BGCSTL recognizes and acknowledges that there are certain risks of physical injury associated with being transported via BGCSTL transportation services or a BGCSTL contracted third-party transportation service (bus, taxi, rideshare, other) during an emergency and for special events/activities under BGCSTL staff supervision. Be aware in signing the transportation “waiver/form/permission slip” for your minor child/ward to be transported and any activities associated therewith you will be waiving your rights to all claims for injuries you and/or your minor child/ward might sustain arising out of being transported and you will be required to indemnify, hold harmless and defend Boys & Girls Clubs of Greater St. Louis, its elected officers, employees and agents, instructors, sponsors, or individuals (herein collectively “BGCSTL”) for any claims arising out of your minor child/ward being transported via BGCSTL transportation services or a BGCSTL contracted third-party transportation service.

In consideration of my minor child/ward being allowed to be transported via BGCSTL transportation services or a BGCSTL contracted third-party transportation service, as the Parent or legal guardian of a participant under 18 years of age, I recognize and acknowledge that there are certain risks of physical injury associated with being transported via BGCSTL transportation services or a BGCSTL contracted third-party transportation service. I agree to assume the full risk of injuries that may be sustained by any minor child/ward of mine, as a result of being transported by van/bus by a BGCSTL staff member and all activities connected or associated therewith. I agree to waive and relinquish all claims on behalf of my minor child/ward that the minor child/ward may have against BGCSTL as a result of the minor child/ward’s being transported via BGCSTL transportation services or a BGCSTL contracted third-party transportation service.

I do hereby fully release and discharge BGCSTL and its officers, employees and agents, instructors, sponsors, or individuals from any and all claims from injuries, damage or loss which I, or any minor child/ward may have or which may occur to my minor child/ward on account of his/her being transported via BGCSTL transportation services or a BGCSTL contracted third-party transportation service. I further agree to indemnify and hold harmless and defend BGCSTL officers, employees and agents, instructors, sponsors, or individuals from any and all claims sustained by me or my minor child/ward, and arising out of, connected with, or in any way associated with being transported via BGCSTL transportation services or a BGCSTL contracted third-party transportation service. The invalidity or unenforceability of any of the provisions hereof shall not affect the validity or enforceability of the remainder of the Agreement.

All members are under the direct supervision of the Club’s employees. Unacceptable behavior may result in the loss of the privilege to use transportation. Club members are not to have drinks or food on the van/bus. Club members are responsible for their personal property and should report a problem to the Club staff immediately.

## PARENTAL NOTIFICATION

It is very important that we have up-to-date contact information for parents/guardians and emergency contacts. **If your phone number or address changes, you are required to let us know as soon as possible.** The phone numbers provided on the application are the only way we have to notify parents in case of an accident or other emergency. Emergency situations, which may require BGCSTL to close or evacuate the building, make it necessary for staff to contact a parent and/or guardian, please make sure staff members can do that efficiently by providing updated information.

## MEDICAL ILLNESS OR EMERGENCY

Should your child become ill while at the Club, he or she will be removed from their activity so that isolation precautions and/or control measures may be implemented. A parent or guardian will be notified to come and pick up the child as soon as possible. Parents may need to contact an emergency person to pick up the child.

Members with known communicable and contagious illnesses will be sent home. A child may return to the Club after and illness has been evaluated by a physician, medication prescribed, and any period of contagion has passed as determined by a licensed physician. A written statement from your child's doctor is required.

In the event of an accident or medical emergency, our staff will take the appropriate emergency measures to ensure the necessary care and protection of your child. To comply with State of Missouri child care licensing regulations and other best practices, BGCSTL's program staff are trained youth professionals and CPR and first aid certified.

## MEDICATION

Staff cannot administer any medication to any member. Policy prohibits staff members of BGCSTL to administer prescription or over-the-counter medications of any kind, including topical creams or ointments, such as skin cream, sunscreen, and insect repellent. If your child requires emergency medication, such as an inhaler or Epipen, you are required to provide the medicine in its original container and labeled with the child's name, instructions for administration, including the times and amounts for dosages and the physician's name. Additionally, you must submit a completed **Medication Authorization Form** (authorization is not to exceed the expiration date of the medication and/or one year from the date of authorization). If your child is asthmatic, you must provide an inhaler to the Club and a valid Asthma Action Plan. If your child has an allergy which requires the use of an Epipen, you are required to provide a pen to the Club and a valid Allergy Action Plan.

- **Members are not allowed to keep or carry their own medication while at the Club.**
- **All emergency medications and plans will be locked/secured at your child's Club.**
- **Medicines that are out of date or not in the clearly labeled original container are not permitted and will not be accepted by BGCSTL staff.**
- **If a situation arises that your child should need emergency medication, BGCSTL staff will then allow him/her access to their emergency medication and allow him/her to administer the medication themselves.**
- **BGCSTL staff will not administer medication to a child. Parents will be notified immediately when a child needs access to their emergency medication.**

**Return and Disposal of Medication:** It is the responsibility of the parent or guardian to retrieve all medication from the Club at the end of their child's program participation. We will attempt to return all left over medications to the parent or guardian after the authorized period or program participation has ended. Your child's Club will make two attempts to return the medication via a phone call and a written notice. If efforts to return the medication are unsuccessful, we will dispose of all unclaimed medication according to prescribed methods 30 calendar days after your child's last day of attendance.

OF GREATER ST. LOUIS**

## **BGCSTL VIDEO SURVEILLANCE POLICY**

### **USE OF VIDEO SURVEILLANCE**

The Boys & Girls Clubs of Greater St. Louis recognizes that maintaining the safety and security of Club members, staff, volunteers, and Club property is best implemented with a multifaceted approach. Modern technology, including video surveillance, can provide tools to maintain safety and security. While video surveillance does not replace appropriate supervision by Club personnel, it can provide an additional layer of protection. Video surveillance, without or without audio recording capabilities, may be utilized in and around the Club facility, on Club property, and on Club transportation vehicles. Video surveillance shall be in accordance with all applicable laws pertaining to such use.

### **PLACEMENT AND NOTIFICATION**

Video surveillance equipment may be installed in and around Club facilities, property, and vehicles. The system provides constant monitoring 24/7. Video surveillance equipment will not be used or installed in areas where Club Members, staff, and parents/guardians have a reasonable expectation of privacy, such as locker rooms and restrooms. Video surveillance equipment may always be in operation, whether the Club is operational and whether the facilities or buildings are in use at all. The Club will determine the operation schedule of any video surveillance equipment in its discretion. Video monitors shall not be in an area that enables public viewing. The Club shall notify Club members, parents/guardians, staff, and the public that video surveillance systems are present by signs prominently displayed in appropriate locations throughout the facilities and grounds and provide any other notification or consent as required by applicable law.

### **ACCESS TO VIDEO IMAGES**

The use of video surveillance equipment on Club grounds shall be supervised and controlled by the authorized personnel. The actual recording equipment will be maintained in an area or room that is locked and secure to only be accessed by authorized personnel. Live video monitoring may randomly occur as needed. Video data is recorded and stored digitally. Video recording data is considered confidential and secure. Access to live and video recorded data is strictly limited to authorized personnel. These authorized personnel are trained on the video surveillance policy and how video data should be used during any official investigation. Video recording data may be used as evidence that a Club member, parent/guardian, staff member, volunteer, or other person has engaged in behavior that violates state or local law, policies, and/or Club rules. Video footage is subject to production by a valid subpoena or other court order.

### **UNAUTHORIZED ACCESS AND/OR DISCLOSURE**

Confidentiality and privacy concerns limit the general public, including parents and relatives of Club members, from viewing video recording footage and/or data involving Club members, staff, and volunteers. Only the authorized personnel provided above can view and/or export video recording data. No unauthorized recordings are permitted of video recording data through cell phones, portable devices, or any other means. Any Club personnel who becomes aware of unauthorized disclosure of video recording data from the Club and/or a potential privacy breach must immediately inform the CEO. Club personnel and volunteers are prohibited from unauthorized use of, tampering with or otherwise interfering with video surveillance equipment. Violations will be subject to disciplinary action that may include, but are not limited to, written reprimand, suspension, demotion, or termination of employment. Video recording data will remain the property of the Boys & Girls Clubs of Greater St. Louis and may be reproduced only in accordance with applicable law and board policy.

### **RETENTION OF DIGITAL IMAGES**

Video recording data shall be kept for approximately 30 days except for appropriate still shots or selected portions of the recorded data relating to any incidents under investigation by authorities. The latter shall be retained for one year after the incident or until such time as any legal matters pertaining to the recordings have been resolved. The stored media shall be kept on a secured computer. In situations involving banned parents/guardians, former employers or volunteers, or visitors, stored still images may be shared with Club personnel and appropriate officials.

### **CLUB MEMBER PRIVACY**

Video recording data will not to be used directly or indirectly to identify the activities of individual Club members except as viewed in relation to a specific event or suspected criminal activity; suspected violation of Club policy or rules; incidents where there is reasonable basis to believe a claim may be made against the Club for civil liability; or if otherwise compelled by law. Authorized Club personnel may use a still shot or selected portions of recorded data to request law enforcement review for assessing the security risk of a specific individual or for investigating a potential crime on Club property. A copy of this policy will be shared with any Club member, parent/guardian, or staff member upon request.

## DISASTER PREPAREDNESS & EMERGENCY RESPONSE
